Soldier, Sailor or Pilot?

If you were 18 years old (and male) in 1915, would you join the Army as a soldier, the Navy as a sailor, or the Air Force as a pilot? Explain your reasons why.

HINT: Compare the “Guts” it would take to be in one of the services versus the “Glory” you would get.

Complete your answer in a properly written paragraph with reasons to support your choice. Your paragraph will be your exit card for class today.
